Year 2017-18, Activities performed by Janani:

Recognize: To encourage the private sector participation in family planning, the State Innovation in Family Planning Services Project Agency (SIFPSA) had been a joint venture of Government of India. USAID and Government of Uttar Pradesh implementing the Innovations in Family Planning Services (IFPS) project in the State. SIFPSA had marked in the global arena in family planning and reproductive health and implementing a project 'Hausala Sajheedari' Government of Uttar Pradesh initiative to engage private health facilities for family planning. In the month of August amongst four Surya clinics of Uttar Pradesh, Gorakhpur clinic was awarded by SIFPSA as the best clinic for providing family planning services. Also Director Health Department has honored our Dr. Anamika Gupta as a 'Best Surgeon' who performed highest female sterilizations in 2017-2018.

Free health camp: District Health Society held a free health camp at the fair and asked Janani to participate. Janani provided counseling and awareness building on family planning, including literature, audio-visual, games, banners and samples of contraceptive products. Over four days the counselor, nurses and field staff interacted with close to 5,000 women. Over 15,000 leaflets and brochures were distributed.

Counselling and awareness during District Establishment Day: Banka is one of the thirty-eight districts of Bihar state, India. The district headquarter of Banka is situated in Banka town. Earlier it was the richest and largest Sub-Division of the district Bhagalpur. The district was established on February 21, 1991. Afterwards, every year district health authority celebrates its establishment day. Janani clinical team was also invited to participate in this event which was organized by Government Health Department of Banka; they provided us space to put-up Janani's counter within their stall. Our clinic team had provided counseling on modern method of family planning to the people who visited us, beside that everyone was given handouts and printed FP materials.

Free condom distribution: In February, our communication team had free promotional distribution of condoms; they had reached approximate 5,000 people in semi-urban areas, surrounding railway station, bus stand and auto stand and have distributed 27,000 condoms. Free condom distribution has been shown to increase condom availability and use among a wide range of populations, including youth and adult males, drivers and rickshaw pullers, and those who are engage in risky sexual activities.

World Population Day on 11th July: On this 'World Population Day' Janani has organized event in all 22 clinics across Bihar, Jharkhand and Uttar Pradesh. During the event all local health volunteers (motivator) were invited. The participants were brief on why world population day celebration began, how important is the family planning to us especially in the domain we are working on.

On the occasion of the WPD Janani has introduced new promotional materials and referral coupons for clients to get subsidy on registration fee.

Janani had conducted NSV fixed day services in 10 clinics where 119 male sterilizations were performed. On these days, on an average, eight to ten cases come for sterilization. To promote NSV among the beneficiaries in the community, health workers did strongly support. Also NSV acceptors involved motivating to the potential clients saying that male sterilization is very simple procedure and takes less time with no pain. And people were convinced to think about adopting NSV. This time, NSV clients were given a table fan as a promotional gift. Surya Health Promoters incentivize of special gift upon referral if done more than 3 clients. Also State Health Society GoB had appreciated the contribution of Janani Surya clinics toward community welfare.

Newspaper had given space for the work that Janani has contributed to towards community.
